We're **SLASHING** Prices

THOUSANDS OF DOLLARS . . .

In new appliances and home furnishings are now jammed into our store, so . . . EVERYTHING . . . yes, EVERYTHING has been slashed to cost, offering savings from 30% to 70% in EVERY DEPARTMENT, to move it fast. Here are just a few of the hundreds of items we must move . . .

... EVERYTHING MUST GO! ..

1960 FILTER-FLO WASHER

FAMOUS GENERAL ELECTRIC FILTER-FLO WASHING SYSTEM
Removes lint, sand and soap scum while it washes. A full tub of wash water filters and circulates at the rate of six gallons per minute. Lint is caught in the moving filter, not on your clothes. Your clothes wash clean and bright every time.

TWO WASH CYCLES

Normal wash, rinse and spin cycles for cottons and linens. Short cycles for delicate silks, synthetics and other fabrics which require special care.

BIG CAPACITY

10 pounds — in one load you can wash a big family wash that might require two loads in smaller capacity washers.

WATER SAVER FOR SMALL LOADS

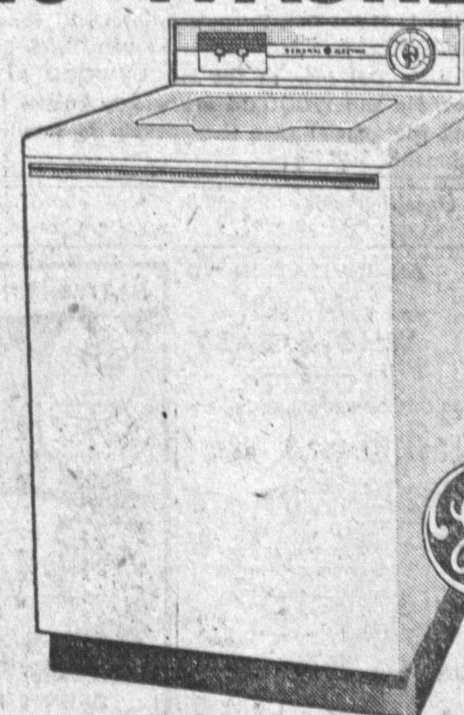

Offers you savings of gallons of hot water on each small load. Choice of HOT or WARM wash water to suit fabrics needs. Also offers added hot water savings.
